

Cell Phone Project Status
April 11, 2007

Hi,

I know that it has been a while since we have been involved in the Cell Phone project for the Porter Ranch Neighborhood Council but not much has happened until recently. I received a phone call this week from Cingular Wireless about the proposed new towers planned for Porter Ranch. At this time, construction of the four new Cingular towers will not occur in 2007 but is postponed until 2008 and 2009. This was an AT&T Corporate decision so Porter Ranch will not see improvements with Cingular service this year.

Also, I have not had updates from the other carriers (e.g. Verizon, Sprint/Nextel, T-Mobile) and have no information for you. Please let me and the committee know if you have additional information about the other carriers. Thanks,

Mel
