Motion for Board Consideration

PRNC Special Board Meeting

May 30, 2017

- Motion:** Motion for up to \$3000 for weed cleaning on sidewalks and tree wells on Reseda, Sesnon, Wilbur, Tampa and Rinaldi.
- Proposed by:** Jason Hector, Alex Kim and Gabriel Khanlian
- Description:** Motion was passed 5-0 by entire beautification committee after discussion and input from stakeholders. Weed abatement around tree wells and sidewalks has been an ongoing problem for many years because it is not being done by adjacent property owners. The worst areas are primarily on 5 major streets (Reseda, Sesnon, Wilbur, Tampa and Rinaldi) in areas where there are not HOA's maintaining the parkway.
- Weed removal would be done by a professional landscape company hired by PRNC and the beautification committee would include bagging it up in the next clean up event and then request the City Department of Sanitation to pick up the bags like what was done at our last event. In other words, the landscape company would be asked to do their work just prior to the next clean up event so that volunteers could help bag for City pickup just like last event.
- Benefits to PR:** Addressing the short term need for weed cleaning on the sidewalks and tree wells where adjacent property owners are not doing it. By cleaning the weeds, the community not only looks better but also reduces the fire danger.

If successful, this type of clean up could be done a few times a year and be a long term solution should PRNC wish to continue to fund it.
